MANAGEMENT INFORMATION CIRCULAR

ANNUAL GENERAL AND SPECIAL MEETING OF SHAREHOLDERS

TO BE HELD AT:

**Centennial Place West Tower (3rd Floor)
Centennial Room
Calgary, Alberta, Canada
Thursday, June 11, 2015
10:00 a.m. (MST)**

DIVESTCO INC.

NOTICE OF ANNUAL GENERAL AND SPECIAL MEETING OF SHAREHOLDERS

TO THE SHAREHOLDERS

NOTICE IS HEREBY GIVEN that an annual general and special meeting (the “Meeting”) of the shareholders of DIVESTCO INC. (“Divestco” or the “Corporation”) will be held at **Centennial Place West Tower (3rd Floor - Centennial Room), 520 – 3rd Avenue SW**, Calgary, Alberta, on Thursday, June 11, 2015, at **10:00 a.m. (MST)**, for the following purposes:

1. to receive the consolidated financial statements of the Corporation for the fiscal year ended December 31, 2014 and the auditor’s report thereon;
2. to fix the number of members of the Board of Directors to be elected at the Meeting at five (5);
3. to elect nominees to the Board of Directors of Divestco;
4. to appoint KPMG LLP, Chartered Accountants, as auditors of the Corporation for the ensuing year at a remuneration to be fixed by the Board of Directors;
5. to approve the amended Stock Option Plan;
6. to transact such other business as may properly be brought before the Meeting or any adjournment thereof.

Shareholders are referred to the Information Circular appended to this Notice for more detailed information with respect to the matters to be considered at the Meeting.

If you cannot attend the Meeting or any adjournment thereof in person you may vote by proxy, by telephone or over the internet (see page 5 for information).

Specific details of the matters to be addressed at the Meeting are set forth in the section entitled “Matters to be Acted Upon at the Meeting”.

The Corporation is utilizing the notice-and-access mechanism that came into effect on February 11, 2013 under National Instrument 54-101, *Communication with Beneficial Owners of Securities of a Reporting Issuer*, for distribution of Meeting materials to shareholders who do not hold their Class A shares in their own names as registered shareholders (“**Beneficial Shareholders**”).

Notice-and-access is a new set of rules that allows issuers to post electronic versions of proxy-related materials (such as proxy circulars and annual financial statements) on-line, via the System for Electronic Document Analysis and Retrieval (“**SEDAR**”) and one other website, rather than mailing paper copies of such materials to shareholders. Electronic copies of the Management Information Circular and the Corporation’s 2014 Annual Report (containing the consolidated financial statements of the Corporation for the year ended December 31, 2014 and management’s discussion and analysis of the Corporation for 2014) may be found on the Corporation’s pages on SEDAR at www.sedar.com and also on the Corporation’s website at www.divestco.com/Investor-Relations/Proxy-Materials-2015.aspx.

The Corporation anticipates that using notice-and-access for delivery to Beneficial Shareholders will directly benefit Divestco through a substantial reduction in both postage and material costs and also promote environmental responsibility by decreasing the large volume of paper documents generated by printing proxy-related materials.

Beneficial Shareholders with questions about notice-and-access can call Divestco toll-free at +1 (888) 294-0081. Beneficial Shareholders may obtain paper copies of the Management Information Circular and the Corporation's 2014 Annual Report free of charge by contacting Divestco, or upon request to Divestco's Corporate Secretary.

A request for paper copies which are required in advance of the Meeting should be sent so that it is received by Divestco as applicable, by Monday, June 1, 2015 in order to allow sufficient time for the Beneficial Shareholders to receive the paper copies and to return their voting instruction forms to intermediaries by their due date.

Beneficial Shareholders will receive a voting instruction form from intermediaries with this Notice of Meeting via prepaid mail, and they should follow the instructions for completion and delivery contained in the voting instruction form. Beneficial Shareholders are reminded to review the Management Information Circular before voting.

The Corporation will not be using notice-and-access for delivery to Registered Shareholders; they will receive paper copies of the Meeting materials via prepaid mail, including Divestco's form of proxy. Such Registered Shareholders who are unable to attend the Meeting in person are requested to complete, date, sign and return the form of proxy for use at the Meeting or any adjournment thereof to the attention of CST Trust Company, Proxy Dept., P. O. Box 721, Agincourt, Ontario, M1S 0A1 (i) in the envelope provided, (ii) by email at proxy@canstockta.com, (iii) by facsimile to 416-368-2502 (Toll Free: 1-866-781-3111 Canada & US), or (iv) via the internet at www.cstvotemyproxy.com not less than 48 hours (excluding Saturdays, Sundays and holidays) before the time set for the holding of the Meeting or any adjournment thereof. A proxy is valid only at the meeting in respect of which it is given or any adjournment(s) of that meeting.

The Board of Directors has fixed the record date for the Meeting as the close of business on April 27, 2015. Only shareholders of the Corporation of record as at that date are entitled to receive notice of and to vote at the Meeting unless a shareholder transfers shares after the record date and the transferee of those shares establishes ownership of the shares and demands not later than the close of business 10 days before the Meeting that the transferee's name be included in the list of shareholders entitled to vote.

Dated as of the 27th day of April, 2015.

BY ORDER OF THE BOARD OF DIRECTORS

"Faralee A. Chanin"

MANAGEMENT INFORMATION CIRCULAR**

GENERAL INFORMATION

Divestco is utilizing the notice-and-access mechanism that came into effect on February 11, 2013 under National Instrument 54-101 *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“NI 54-101”) for distribution of this Management Information Circular to shareholders who do not hold their Class A shares in their own names as registered shareholders (referred to in this Management Information Circular as “**Beneficial Shareholders**”). Further information on notice-and-access, including how Beneficial Shareholders can obtain a paper copy of this Management Information Circular, is contained below under *Voting Information, Notice-and-Access*.

Beneficial Shareholders should read the information under the headings “Advice to Beneficial Shareholders” and “Notice-and-Access” for an explanation of their rights.

Meeting

This management information circular (the “**Circular**”) is provided in regard to the solicitation of proxies by the Board of Directors and management of Divestco Inc. (“**Divestco**” or the “**Corporation**”) for use at the Annual General and Special Meeting of Shareholders (“**AGM**”) to be held on Thursday, June 11, 2015 and at all adjournments of that meeting.

Date of Information

Information in this circular is as of April 27, 2015, unless otherwise noted (the “**Circular Date**”).

Dissemination of Meeting Material

Divestco is using the Notice and Access provisions to deliver meeting materials to Beneficial Shareholders. Registered Shareholders (except those who asked not to receive meeting materials) will receive this Circular, a proxy and Divestco’s 2014 management’s discussion and analysis (“**MD&A**”) and consolidated financial statements by mail.

Registered and Beneficial Shareholders

You are a registered shareholder if your shares are held in your name and you have a share certificate (“**Registered Shareholder**”).

You are a Beneficial Shareholder if your shares are held in the name of a nominee. That is, your certificate was deposited with a bank, trust company, securities broker, trustee or other institution.

Annual and Interim Reports

If you are a Registered Shareholder, a copy of Divestco’s 2014 MD&A and consolidated financial statements is included in this package, unless you asked not to receive it. If you (i) do not wish to receive Divestco’s MD&A and consolidated financial statements next year; or, (ii) wish to receive Divestco’s interim reports, please fill out and return the card enclosed with this package.

If you are a Beneficial Shareholder and you did not return the card sent out last year to request a copy, you will not receive 2014 MD&A and consolidated financial statements. If you wish to receive Divestco’s annual or interim reports next year, please fill out and return the card enclosed with this package.

Divestco’s MD&A and consolidated financial statements can be accessed at www.divestco.com or you can request a copy as set out under Additional Information on page 24.

All references to shareholders in this Circular and the accompanying form of proxy and Notice of Meeting are to shareholders of record unless specifically stated otherwise. Where documents are stated to be available for review or inspection, such items will be shown upon request to a Registered Shareholder who produces proof of their identity.

VOTING INFORMATION

Who is soliciting my proxy?

The management of the Corporation is soliciting your proxy for use at the Meeting. In connection with this solicitation, the management of the Corporation is providing you with this Circular.

How are proxies solicited?

The solicitation of proxies will be primarily by mail. However, certain employees of the Corporation may also solicit proxies by telephone or in person. The cost of solicitation will be borne by the Corporation.

What will I be voting on?

Shareholders will be voting on:

- Fixing the number of members of the Board of Directors to be elected at the Meeting at five (5);
- Election of directors;
- Appointment of KPMG LLP as auditors;
- Approval of the amended Stock Option Plan;
- Other business, if any.

How will these matters be decided at the Meeting?

A majority of the votes cast, by proxy and in person, will constitute approval of matters at the Meeting. For a special resolution, 66 2/3% of the votes cast will constitute approval. There are no special resolutions being considered at the Meeting.

Who counts the votes?

Proxies will be counted and tabulated by the Corporation's transfer agent, namely CST Trust Company.

Will I receive materials if I am an Objecting Beneficial Owner ("OBO")?

The Corporation pays for intermediaries to send proxy-related materials to OBOs. It is your responsibility to make arrangements with your intermediary to exercise your voting rights.

How many votes do I have?

You will have one vote for each Class A share you held at the close of business on April 27, 2015, the record date for the Meeting. The list of shareholders entitled to vote will be available for inspection after the record date, during usual business hours, at the offices of CST Trust Company, 600, 333 – 7th Avenue S.W., Calgary, Alberta, T2P 2Z1, and at the Meeting.

To vote Class A shares ("Class A Shares") you acquired after the record date, you must, not later than 10 days before the Meeting:

- Request that your name be added to the voters' list; and
- Produce properly endorsed share certificates or otherwise establish that you own the Class A Shares.

How will my proxy be voted?

On your form of proxy, you may indicate how you wish your proxyholder to vote your Class A Shares. Class A Shares represented by properly executed forms of proxy in favour of the Corporation's officers, named on the enclosed form of proxy, will be voted or withheld from voting on any ballot that may be called for and, where you have specified a choice with respect to any matter to be acted upon, your Class A Shares will be voted in accordance with the choice you have made.

If you have not specified a choice, your Class A Shares will be voted FOR the fixing of the number of members of the Board of Directors to be elected at the Meeting at five (5), FOR the election of the proposed nominees as Directors, FOR the appointment of KPMG LLP as auditors and FOR the approval of the amended Stock Option Plan.

Notice-and-Access

As previously noted, the Corporation is utilizing the notice-and-access mechanism that came into effect on February 11, 2013 under NI 54-101 for distribution of this Circular to Beneficial Shareholders. The Corporation will not be using notice-and-access to send this Circular or other Meeting materials to Registered Shareholders.

Notice-and-access is a new set of rules that allows issuers to post electronic versions of proxy-related materials (such as proxy circulars and annual financial statements) on-line, via the System for Electronic Document Analysis and Retrieval (“**SEDAR**”) and one other website, rather than mailing paper copies of such materials to shareholders. Electronic copies of this Management Information Circular and the Corporation’s 2014 Annual Report (containing the comparative consolidated financial statements of the Corporation for the year ended December 31, 2014 and management’s discussion and analysis of the Corporation’s results of operations and financial condition for 2014) may therefore be found on the Corporation’s pages on SEDAR at www.sedar.com and also on the Corporation’s website at www.divestco.com/Investor-Relations/Proxy-Materials-2015.aspx. **Beneficial Shareholders are reminded to review the Management Information Circular before voting.**

Although this Circular and the Corporation’s 2014 Annual Report will be posted electronically on-line as noted above, Beneficial Shareholders will receive paper copies of a “notice package” via prepaid mail containing a Notice of Meeting with information prescribed by NI 54-101, voting instruction form, and supplemental mail list return card for Beneficial Shareholders to request they be included in the Corporation’s supplementary mailing list for receipt of the Corporation’s interim financial statements for the 2015 fiscal year.

The Corporation anticipates that notice-and-access will directly benefit the Corporation through a substantial reduction in both postage and material costs and also promotes environmental responsibility by decreasing the large volume of paper documents generated by printing proxy-related materials.

Beneficial Shareholders with questions about notice-and-access can call the Corporation toll-free at +1 (888) 294-0081. Beneficial Shareholders may obtain paper copies of this Management Information Circular free of charge by contacting the Corporation, or upon request to the Corporate Secretary.

A request for paper copies which are required in advance of the Meeting should be sent so that it is received by the Corporation, as applicable, by **Monday, June 1, 2015** in order to allow sufficient time for the Beneficial Shareholder to receive the paper copies and to return the voting instruction form to intermediaries by its due date.

Are there any Principal Shareholders?

Based upon public filings, as of April 27, 2015, the following persons beneficially own, directly or indirectly, or exercise control or direction over more than ten percent (10%) of the issued and outstanding Class A Shares of the Corporation.

Name of Shareholder	Number of Class A shares Beneficially Owned, Controlled or Directed	Percentage of Outstanding Class A shares Beneficially Owned or Controlled
Stephen Popadynetz	8,967,605	13.36%
Wade Brillon	8,486,498	12.65%
Bruce Webster	6,719,126	10.00%

To the knowledge of the Corporation's directors and executive officers, no other person or company beneficially owns, or controls or directs, directly or indirectly, more than 10% of the Class A Shares.

How many shares are entitled to vote?

The Corporation has an authorized capital consisting of an unlimited number of Class A Shares without nominal or par value of which 67,107,089 Class A Shares are issued and outstanding as of the close of business on the Circular Date.

How do I vote?

If you are eligible to vote and your Class A Shares are registered in your name, you may vote your Class A Shares in person at the Meeting, or by proxy, as outlined below under “Registered Shareholder Voting”.

If your Class A Shares are held in the name of a nominee, please read the instructions below under the heading “Beneficial Shareholder Voting”.

The Corporation does not know for whom the Class A Shares registered in the name of a bank, trust company, securities broker, trustee or other institution are held. Therefore beneficial shareholders cannot be recognized by the Corporation at the Meeting unless their name has been inserted in the Voting Instruction Form. The Voting Instruction Form cannot be used as a proxy to vote shares directly at the Meeting.

What is quorum for the Meeting?

The by-laws of the Corporation provide that a quorum for the transaction of business at any meeting of shareholders shall be at least two (2) persons present in person, each being a shareholder entitled to vote thereat or a duly appointed proxy or representative for any absent shareholder so entitled, and representing in the aggregate no less than five (5%) percent of the outstanding Class A Shares of the Corporation carrying voting rights at the Meeting.

What if there are amendments or if other matters are brought before the Meeting?

The enclosed form of proxy gives the persons named on it authority to use their discretion in voting on amendments or variations to matters identified in the Notice.

As of the time of printing of this Circular, management is not aware of any other matter to be presented for action at the Meeting. If, however, other matters properly come before the Meeting, the persons named on the enclosed form of proxy will vote on them in accordance with their judgement, pursuant to the discretionary authority conferred by the form of proxy with respect to such matters.

Approval of the Stock Option Plan

On September 17, 2003 the Board of Directors of Divestco adopted a Stock Option Plan, which has been amended from time to time (the "Stock Option Plan"), and as a floating plan it is subject to the approval of the shareholders annually pursuant to Policy 4.4 of TSX-Venture Exchange ("TSXV").

The Stock Option Plan was amended by the Board of Directors on April 27, 2015, to reflect that re-pricing for non-insider held options to be prohibited without shareholder approval, as follows:

"7. Exercise Price

The exercise price per share of Options granted hereunder (the "Exercise Price") shall be the closing price per common share of Divestco on the principal exchange on which Divestco is listed on the day prior to the Grant Date. Disinterested shareholder approval will be obtained for any reduction in the exercise price for any Service Provider ~~that is an Insider~~ of the Issuer at the time of the proposed amendment."

It is intended to vote the proxies hereby solicited, unless otherwise directed therein by the shareholder, in favour of the approval of amended Stock Option Plan.

Shareholders will be asked to pass an ordinary resolution approving the Stock Option Plan in the following form:

"BE IT RESOLVED THAT:

1. **the Stock Option Plan, approved by the directors of the Corporation on September 17, 2003, as amended, be and it is hereby ratified and approved;**
2. **the Directors of the Corporation are hereby authorized to reserve up to 10% of the number of outstanding Class A shares in connection with grants of options pursuant to the Stock Option Plan; and**
3. **any director or officer of the Corporation is hereby authorized to take all steps and proceedings necessary or desirable to implement and give effect to the foregoing, with full power and authority to execute, amend, modify and change all such documents as he may approve.”**

INTEREST OF CERTAIN PERSONS OF MATTERS TO BE ACTED UPON

Other than as set forth in this Circular, none of the directors or executive officers of the Corporation, nor any person who has held such a position since the beginning of the last completed financial year of the Corporation, nor any proposed nominee for election as a director of the Corporation or their associates or affiliates, has any material interest, direct or indirect by way of beneficial ownership of securities or otherwise, in any matter to be acted upon at the Meeting.

COMPENSATION DISCUSSION AND ANALYSIS

The Corporation has established a Compensation Committee comprised of three (3) directors as determined by the Board of Directors, all of which satisfy the “independent” standards of the applicable securities regulatory requirements. The Board of Directors may from time to time appoint one of the members of the Committee to be the Chair of the Committee. Any members of the Committee may be removed or replaced at any time by the Board of Directors and shall cease to be a member of the Committee as soon as such member ceases to be a director. The Board of Directors may fill vacancies on the Committee by appointment from among its members. If and whenever a vacancy exists on the Committee, the remaining members may exercise all its powers so long as a quorum remains.

The Compensation Committee currently is composed of Edward L. Molnar (Chair), Brent Gough and William Tobman, each presently an independent director of the Corporation. Each Compensation Committee member has direct experience that is relevant to his responsibilities in executive compensation, as well as the skills and experience that enable him to make informed decisions on the suitability of the Corporation’s executive compensation policies and practices. More specifically, each Compensation Committee member has had experience acting in senior management roles for various companies throughout their business careers, including oversight for performance and compensation with respect to senior management and personnel.

Meetings of the Compensation Committee are held periodically to review Divestco’s compensation policies and to consider the overall compensation to be paid by the Corporation. Following discussions by the members of the Compensation Committee, recommendations are made to the Board of Directors of the Corporation, which has final approval on all compensation matters.

The Compensation Committee has adopted a compensation philosophy for the Corporation to achieve an effective compensation structure that aligns the interests of management with that of the shareholders. The mandate of the Compensation Committee is as follows:

- (a) to review the compensation philosophy and remuneration policy for employees of the Corporation and to recommend to the Board of Directors changes to improve the Corporation's ability to recruit, retain and motivate employees;

- (b) to review and recommend to the Board of Directors the retainer and fees to be paid to members of the Board of Directors;
- (c) to review and recommend to the Board of Directors performance objectives and the compensation package for the Chief Executive Officer;
- (d) to recommend to the Board of Directors, on the direction of the Chief Executive Officer, the compensation and benefits package for senior management positions within the Corporation;
- (e) to review management's recommendations for proposed stock option or share purchase plans and make recommendations in respect thereof to the Board of Directors;

The Corporation's policy is to provide a total package which will both attract and retain qualified executive officers and employees and at the same time closely link incentives to corporate performance and increases in shareholder value. Currently the compensation program for employees of the Corporation is composed of salary and benefits, a possible bonus and stock options as more particularly described as follows:

Base Salary

The first element of the Corporation's compensation program is the payment of base salaries. The payment of base salaries is a fundamental component of the Corporation's compensation program and serves to attract and retain highly qualified executives.

Salaries for executive officers are reviewed annually based on a review of corporate and personal performance and individual levels of responsibility. Base salaries are paid on the basis of position held and related responsibilities and functions performed by the executive officer, having regard to base salary ranges for similar positions in a comparative group. In addition, individual and corporate performance is taken into account.

The Compensation Committee submits its recommendation to the full Board of Directors as to the salary of all executive officers, including the Chief Executive Officer.

Bonus

Bonuses are discretionary and based upon performance during the year. Payments are considered appropriate by the Compensation Committee. Bonuses are designed to reward the Corporation's executive officers (and other employees) for above-average performance of their duties and for their contribution to the achievement of personal or the Corporation's annual goals and objectives. In addition, the bonuses serve as a retention incentive to encourage employees to remain in the employ of the Corporation. The short-term focus of the Bonus Plan is complemented and balanced by medium term focus of the ESOP and the PSU Plan and the longer term focus of the Stock Option Plan, which is designed to reward certain executive officers and other grantees in relation to the share price of the Corporation over the long-term.

Stock Options

Stock options are granted as a long-term incentive to assist the Corporation and its subsidiaries in attracting, retaining and motivating full-time employees, consultants, officers and directors by permitting those persons to participate in the growth and development of the Corporation through the acquisition of shares of the Corporation.

In determining the number of stock options to be granted, the Compensation Committee, upon the recommendation of the Chief Executive Officer and Chief Operating Officer of the Corporation, considers

the number and remaining term of options currently held, and the responsibilities, functions and the performance of the employee.

The Stock Option Plan (the “Stock Option Plan”), which has been approved by the TSXV, provides for 10% of the issued and outstanding Class A Shares to be reserved for granting of options pursuant to the Stock Option Plan, together with any other compensation arrangement of Divestco that provides for the issuance of Class A Shares from treasury. The aggregate number of Class A Shares issuable pursuant to options under the Stock Option Plan is subject to adjustment in the event, during any exercise period of any options granted, of any consolidation, subdivision, redivision or change of the Class A Shares of Divestco. The price payable upon the exercise of any option as well as the term is set by the Board of Directors at the time of the grant, subject to regulatory requirements. The exercise price shall be the closing price per Class A Share on the principal exchange on which Divestco is listed on the day prior to the grant of the options. The maximum term is ten years. Options are not assignable. The optionee has the right to exercise annually one-third of the number of the options granted following one year from the date of grant in accordance with the limitations as set out in the Stock Option Plan unless the Board of Directors waives the vesting period. The Board of Directors may amend or discontinue the Stock Option Plan at any time provided it is done in accordance with the limitations set out in the Stock Option Plan. Outstanding vested options expire at the lesser of six months and the remaining portion of the exercise period upon the death of an optionee. Options are forfeited within the lesser of 60 days and the remaining portion of the exercise period after resignation or termination with or without cause and the Board of Directors has discretion to immediately terminate such options in the event of termination for cause. The vesting provisions are to be accelerated and all unexercised options may be exercised upon the occurrence of certain events as set out in the Stock Option Plan which will result in a change of control.

The number of Class A Shares issuable to insiders, at any time, under all security-based compensation arrangements, cannot exceed 10% of the issued and outstanding Class A Shares of Divestco as of that date and the number of Class A Shares issued to insiders, within any one year period, under all security-based compensation arrangements, cannot exceed 10% of the issued and outstanding Class A Shares of Divestco as of that date. In no event shall options granted to any single optionee exceed 5% of the issued and outstanding Class A Shares of Divestco. No financial assistance will be provided by Divestco to participants to facilitate the purchase of Class A Shares under the Stock Option Plan.

Employee Share Ownership Plan

On January 9, 2004, the Directors of the Corporation approved an employee share ownership plan (“ESOP”) for the Corporation, whereby the Corporation matches each employee’s contributions to the ESOP to a maximum of 3% of each employee’s salary or \$300 per month per employee and the ESOP purchases shares of Divestco in the open market. Effective January 1, 2008, the Corporation increased the portion it matched to 4.5% or \$450 per month per employee which was approved by Board of Directors. All cash contributions are used to purchase Class A Shares through the facilities of the TSXV. In 2015, the directors approved an amendment to the ESOP that the matching portion to be provided by the Corporation would be purchased only through the facility of the TSXV. Previously the ESOP plan allowed for shares to be issued from treasury for the matching portion.

The number of Shares issuable, at any time, under all security based compensation arrangements of Divestco, cannot exceed 10% of the issued and outstanding Shares of Divestco as of that date and the number of Shares issued to insiders, within any one year period, under all security based compensation arrangements, cannot exceed 10% of the issued and outstanding Shares of Divestco as of that date.

The aggregate number of Shares to be issued to any one Recipient (and companies wholly owned by that Recipient) in a 12 month period pursuant to the Plan must not exceed 5% of the issued Shares of the Corporation, calculated on the date the Shares are issued to the Recipient (unless the Corporation has obtained the requisite disinterested shareholder approval).

Review/Modifications

The Corporation's executive compensation program is reviewed and considered at least annually by the Compensation Committee to determine if the objectives of the executive compensation program are being achieved and whether any modifications to that program are required. This includes a review of base salaries payable, potential bonuses payable and entitlement and participation in equity related incentive plans for all executive officers. When granting additional awards under the Corporation's Stock Option Plan, consideration is given to previous awards under these plans. The review also includes a review of the metrics used to assess performance, the targets established with respect to those performance metrics, whether previously established targets have been achieved and to what degree, and whether the performance metrics and targets are still appropriate in light of the then current industry, stock market and general economic conditions. The Compensation Committee establishes new performance metrics and related targets to be used to assess executive officer performance and determine executive officer compensation on a go-forward basis. In completing this review, the Compensation Committee considers the recommendations of management and the Chief Executive Officer in particular.

During each annual review and assessment by the Compensation Committee of the Corporation's executive compensation program, the Compensation Committee also implicitly takes into consideration any risks associated therewith. At the present time, the Compensation Committee has not identified any risks associated with the Corporation's compensation policies and practices that are reasonably likely to have a material adverse effect on the Corporation. In the assessment of senior management and the Board of Directors, the risks and uncertainties facing the Corporation that are likely to have a material adverse effect on the Corporation are disclosed quarterly in the Corporation's management discussion and analysis of the Corporation's financial condition and results of operations for the most recently completed quarter. No such risks relate to the Corporation's compensation policies and practices.

Upon completion of that review, the Compensation Committee in turn makes its recommendations with respect to the Corporation's executive compensation program to the full Board of Directors. The Board of Directors then approves the executive compensation program, including the individual components thereof, subject to any modifications it deems necessary.

Hedging

No director or senior officer is permitted to purchase financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds, which are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the senior officer or director.

Compensation of Named Executive Officers

Compensation for the Chief Executive Officer, Chief Financial Officer and Chief Operating Officer is comprised of the components described above and is determined in accordance with the parameters and principles discussed above. Stock options are granted on the basis of the level of responsibility and to maintain a competitive level with industry counterparts.

The Compensation Committee believes that long-term shareholder value will be enhanced by compensation that is closely aligned with corporate performance achievement, and the policies of the Corporation are intended to reflect that belief.

The Company's overall compensation strategy is to retain and reward key staff for the overall long-term benefit of Divestco's shareholders and stakeholders.

Base salary compensation is based on numerous factors including competency, skill set, market conditions and deliverables, and is recommended and approved by the Compensation Committee. All other compensation including bonuses and stock-based compensation is completely discretionary and is based on a number of factors which include deliverables, competency, skill set and market conditions, and are recommended and approved by the Compensation Committee.

Named Executive Officers (NEOs) of the Corporation are defined as follows:

- a. each Chief Executive Officer (CEO) meaning an individual who served as CEO of the Corporation or acted in a similar capacity for any part of the most recently completed financial year;
- b. each Chief Financial Officer (CFO) meaning an individual who served as CFO of the Corporation or acted in a similar capacity for any part of the most recently completed financial year;
- c. each of the Corporation's three most highly compensated executive officers, including any of its subsidiaries, other than the CEO and CFO, who were serving as executive officers or the three most highly compensated individuals acting in a similar capacity, at the end of the most recently completed financial year and whose total compensation was, individually, more than \$150,000 for that financial year; and
- d. any additional individuals for whom disclosure would have been provided under (c) except that the individual was neither an executive officer of the Corporation, nor acting in a similar capacity, at the end of the most recently completed financial year-end.

Principal payments are calculated as follows: 50% of the net revenues generated by certain of the Corporation's seismic data (the "Seismic Data"), multiplied by the amount of debentures outstanding divided by \$5 million. The balance of the revenue is retained by the Corporation. Net revenues equal 90% of the gross revenues generated by the Seismic Data as the Corporation retains 10% of the gross revenues as a management fee. The Seismic Data is comprised of the seismic surveys acquired by Corporation prior to July 1, 2012. Principal payments are postponed if the Corporation is in breach of any of its senior debt covenants. As at December 31, 2014, there was \$0.8 million in principal payments owing to the debenture holders based on revenues generated

by the Seismic Data for the year ended December 31, 2014 and 2013. There were no eligible sales in 2012. Upon full repayment of the principal amount of the debentures and all accrued interest, the royalty interest becomes effective and will be paid as a royalty indefinitely. Royalty payments are calculated as follows: 25% of the net revenues generated by the Seismic Data multiplied by the amount of debentures outstanding divided by \$5 million. The balance of the revenue is retained by the Corporation. Net revenues will equal 90% of the gross revenues generated by the Seismic Data as the Corporation will retain 10% of the gross revenues as a management fee. Royalty payments may be postponed if the Corporation is in breach of any of its senior debt covenants.

- As at December 31, 2014, the Corporation had \$5,725,000 outstanding in secured subordinated loans from three of the Corporation's directors, Mr. Stephen Popadynetz, Mr. Wade Brillon and Mr. William Tobman. The loans bear interest of 10% to 12% per annum and are due on demand. However, should a specific portion of the shareholder loans extend beyond December 31, 2014, the Directors will have the right to convert this portion of the shareholder loans into an ownership interest in the Company's seismic data library, subject to regulatory approval and provided the Company's \$4.5 million bridge loan has been fully repaid. Since the entire amount of the bridge loan was outstanding as at December 31, 2014, no portion of the shareholder loans were converted into an ownership interest in the Company's seismic data library. While the bridge loan was repaid on March 25, 2015, management has not sought regulatory approval for the conversion as management is in discussions with the shareholders to amend the loan agreement to remove the conversion feature
- Mr. Wade Brillon provides seismic consulting and brokerage services to the Corporation as an independent contractor.
